

Sterile Fluid Handling Bags 500 Liter, 1000 Liter

TC Tech 500 Liter Cassette Bag

TC Tech 500 Liter Standard in PolyTote®

7

TC Tech 500 Liter and 1000 Liter Sterile Fluid Handling Bags are designed to meet the demands of industrial volume filling, transport and storage. The unique design allows for easy placement in a PolyTote® container and filling with minimal bag adjustment. Bottom drain line facilitates complete fluid evacuation. Suitable for shipping via ground or sea.
