

# Sterile Fluid Handling Bags 60ml, 300ml, 1 Liter, 2 Liter

**TC Tech 1 Liter Standard**

**TC Tech 2 Liter SCD®**

TC Tech 60ml, 300ml, 1 Liter, 2 Liter Sterile Fluid Handling Bags are ideal for small volume bench-top work. Typical applications include specialty media dispensing and final product storage. Well suited for QC sampling in a manifold system. Hanger port facilitates complete drainage. May be frozen to -30°C. Consult TC Tech for recommendations on handling frozen bags.
