

# Custom Bags and Liners

**TC Tech 20 Liter Bag in Tray**

TC Tech will design and manufacture Sterile Fluid Handling Bags or Liners to fit your existing container. TC Tech can design bags to fit trays, stackable bins, drums, conical bottom tanks, cylindrical tanks and totes. Your TC Tech Representative will work with you to gather needed measurements and discuss application requirements. TC Tech Engineering will thoroughly review each application, make recommendations, and provide drawings of proposed design.
